 Bolivia is considered a small market, where some international companies operate directly. Foreign firms typically sign agreements with local agents or distributors, which often have offices in one or more of the major cities in Bolivia (La Paz, Santa Cruz, and Cochabamba). When designating an agent or distributor, it is important for businesses to...See more on [trade.gov](https://www.trade.gov) ⁶Wresearch

In collaboration with its Latin-American partner Teleserv Group Bolivia, and at more than 4,000 metres above sea level, Iskratel is implementing the new, high-speed optical broadband network for Potosí ...

Through our After Sales Department we provide excellent support to our customers with a comprehensive offer of preventive and corrective maintenance services, provision of genuine spare ...

The global market for Directly Modulated Semiconductor Lasers (DMLs) is experiencing significant growth due to the increasing adoption of high-speed optical communication networks.
