

CM Industrial Ethernet Switch

CM Industrial Ethernet Switch

Industrial-grade Ethernet Switches are specifically designed to connect devices in network environments that are subject to extreme operating temperatures of -40°C to 75°C , vibrations, and shocks.

Our robust, EN50155 compliant Industrial Ethernet switches, featuring M12 connectivity, are designed to enable faster and more reliable Gigabit Ethernet networks.

This section provides an overview for industrial ethernet switches as well as their applications and principles. Also, please take a look at the list of 19 industrial ethernet switch manufacturers and their ...

Ideal for industrial sectors, these rugged network switches are engineered for high-performance outdoor Ethernet applications, ensuring robust connectivity in extreme conditions.

Our Industrial Ethernet Switch portfolio comprises Managed and Unmanaged Switches with Gigabit, PoE, IEC 61850 certification, and for DIN rail mounting.

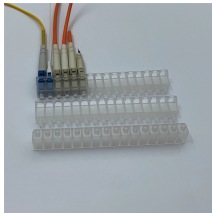

Comnet offers industrial hardened & commercial Ethernet switches with varying ports, poe and speeds.

The Westermo range of industrial Ethernet switches are designed for use in harsh environments and allow you to build cost-effective, reliable, secure industrial networks. Whether you require an ...

Mencom offers a wide range of reliable Industrial Networking Solutions for the industry 4.0 Smart Factory applications. Choose from a wide selection including managed, unmanaged, industrial ...

Our switches are built for high network flexibility, cyber security and durability and are suitable for use in mission-critical environments.

The CM-600 Series has a compact modular design with one slot that accommodates 4 ports, which support multiple media types including TX, MSC, SSC, and MST. The modular design ensures that ...
