

## Columbia Modular Data Center 4U

## Columbia Modular Data Center 4U

Compare colocation by size: 1U, 4U, 12U, 20U, and full rack pricing across US & Canada. Get real quotes, avoid minimums, and find the right data center fit with QuoteColo.

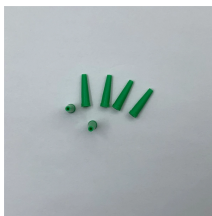

A fast and budget friendly way to deploy additional telecom or network closets or extra server power - our portable data centers can be delivered ready to plug-and-play in less than 8 weeks.

Using prefabricated, factory-tested components, we deliver high-performance data center capacity to any location, from core to edge, in a fraction of the time of conventional builds.

Rackmount chassis Server case 19 inch ATX 4U  
N406C Drives 3 x 5.25" + 8 x 3.5" (int.)  
Motherboard Size 12" x 9.6" (ATX, Micro ATX or Mini ITX) Dimension 19" x 7" x 17.72" / 482 x 177 x 450 (mm)

Many data centers will offer dual feeds (A/B) for 4U-8U footprints at a premium. Tell us your redundancy requirements and we'll only show options that meet them.

Compu Dynamics Modular delivers custom, turnkey modular data centers purpose-built for your specific AI application workloads—from LLM training clusters to inference engines.

Modular data centers assure scalability for future expansions, embody repeatable designs, and exhibit superior quality via factory control. This simplified assembly enables swift transportation by road, rail, ...
