

Cylindrical ceramic insert

Cylindrical ceramic insert

Secure anything from signs to heavy machinery in concrete, brick, and drywall. Choose from our selection of ceramic inserts, including threaded inserts, nuts, and more. Same and Next Day Delivery.

Network Cabinet & Rack

Custom manufacturer of anti-static (ESD), solid bleach sulfate (SBS), and poly coated die cut inserts for packaging applications. Features include coding, corner-cuts for insertion, directional ...

CYCT's cermet inserts combine the hardness of ceramics with the toughness of metals, offering excellent wear resistance and surface finish. These inserts are perfect for high-speed machining and ...

Our Secomax™ ceramic insert grades provide optimized wear resistance and toughness when cutting parts from heat-resistant superalloys, such as Inconel, MAR, RENE, Nimonic and Waspaloy, at high ...

Enhance your machining accuracy and efficiency with high-performance Ceramic Inserts engineered by Guass. Designed to handle challenging materials and high-speed operations, our inserts deliver ...

Ceramic inserts excel in high-speed operations and are well-suited for machining high-temperature alloys, hardened steels, and heat-resistant materials. They typically offer longer tool life than carbide ...

Price and other details may vary based on product size and color. Need help?

Ceramic Milling for outstanding metal removal rates and productivity in nickel-based and/or cobalt-based alloys, stellites, stainless steel, and PH series through HSM.

KS001 Advanced silicon-carbide ceramic inserts with ultra-strong whiskers for excellent wear and fracture resistance.

The inserts are designed with multiple cutting edges so they can be rotated after use to reveal a new, sharp edge. Ceramic Turning Inserts | MSC Direct offers quality Turning Inserts at a great value. Find ...
