

DayZ AI Server

DayZ AI Server

DayZ Expansion AI allows server owners to add AI-controlled units such as patrols, guards, and hostile NPCs to their server. These AI are fully configurable and use their own configuration files, separate ...

Harness the power of artificial intelligence to optimize your DayZ server configuration automatically. Smart suggestions, predictive analysis, and intelligent automation. Our AI engine analyzes your ...

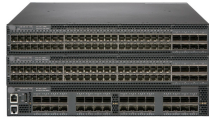

[/r/dayz](#) - Discuss and share content for DayZ, the post-apocalyptic open world survival game. Avoid the infected (not zombies), make friends with other players (or not). The only goal is survival.

Introducing AI Factions which can be configured to do various things such as patrols, follow your orders, fight against threats, taunt you.

Join AI Wasteland for a hardcore PVE DayZ experience with AI bots, unique weapons, and base building. Survive and thrive today!

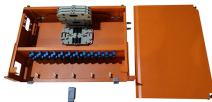

I played on 3 of the best DayZ PvE servers with AI in 2025 and picked the best moments from each one to show you what they're all about. join the servers yourself, all the IPs are below ☐☐...

Our server is packed with carefully selected mods that sync perfectly with the PVE spirit, offering balance, fairness, and plenty of opportunities for fun.

DayZ does not support player lists. If player list support is added we will start tracking player data.

Here, DayZ PvE players help each other build, trade, and face AI challenges without the stress of PvP. It's a place where respect, fun, and cooperation make every adventure better — and every player ...

This is designed to be a drop and go package for a fresh server install using the default mission, and assumes that you have all the necessary expansion mods and their dependancies installed.
