## Distributor CFP2DML

CFP2-200GB-DCO-C - Transceiver Module  
1547.95nm LC CFP2 from Amphenol ProLabs.  
Pricing and Availability on millions of electronic components from Digi-Key Electronics.

FS offers a growing portfolio of 200/400G DWDM/CFP2 transceiver modules, a convenient and cost-effective solution for an array of applications in the data center, campus, metropolitan-area access ...

It supports multiple applications from a single product, including the 200G long ...

It supports multiple applications from a single product, including the 200G long-haul and 400G metro range. Low power consumption and better thermal performance enable high-density line card ...

Use the Compatibility Tool to verify FS transceiver compatibility with your device and access test reports. A 2U optoelectronic converged platform, 400G high-speed transmission DCI solution. ...

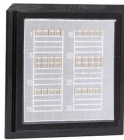

Use the Compatibility Tool to verify FS transceiver compatibility with your device and access test reports. Meet high traffic demands with coherent optics for DCI, metro access, aggregation, and long ...

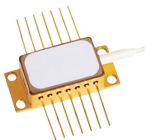

The product family supports 100/200/400Gbps transmission speeds in an industry-standard, pluggable CFP2 form factor with 7nm DSP and can be widely used in metro carrier, access and Cloud/DCI ...

Use the Compatibility Tool to verify FS transceiver compatibility with your device ...

These small, modular optical interface transceivers offer a convenient and cost-effective solution for an array of applications in the data center, campus, metropolitan-area access and ring network, storage ...

It is guaranteed to be 100% compatible with the equivalent Cisco® transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application ...

Amphenol ProLabs Transceivers are available in an extensive range of compatible optical and copper transceivers to fit a variety of requirements. These standards-based transceivers are designed to ...

CFP2-WDM-DET-1HL-AO Cisco® CFP2-WDM-DET-1HL Compatible TAA 100/200GBase-DCO CFP2 Transceiver (SMF, 1528.77nm to 1568.36nm, 80km, LC)
