

# Does this involve Huawei optical switches from China Telecom

## Overview

In November 2019, the FCC prohibited telcos from using Huawei and ZTE equipment in projects paid for by the Universal Service Fund. A few months later, Congress approved the Secure and Trusted Communications Networks Act, which created a program to rip out and replace Chinese. The OptiXstar product series extends optical connectivity to every home, enterprise, and campus, bringing families closer and making enterprise operations far more efficient. Huawei Sensing OptiX focuses on four aspects — ultra-long-distance comprehensive sensing, precise positioning, high security.
