E32-C31 2M Fiber optic sensor head, diffuse, M3 cylindrical axial, coaxial, R25 fiber, 2 m cable Save to list

E32-ZC31 1PC NEW OMRON Fiber optic sensor quality assurance If you have any questions about the product, please contact us and I will reply to you as soon as possible!

OMRON's Fiber Sensors continue to support an increasing range of applications. If you Login / Signup, you can download the PDF of the Manual. Please note some product models not sold in Singapore ...

A Fiber Unit with Build-in Lens is the new standard in fiber units. We recommend this new standard Fiber Unit that achieves stable detection with a high-power beam.

Objects with a high reflection factor may cause the Fiber Sensor to detect reflected light as incident light. Also, stable detection may not be possible for transparent objects.

Find many great new & used options and get the best deals for 1PC Omron E32-ZC31 2M Fibre Optical Sensors E32ZC31 New #US at the best online prices at eBay! Free shipping for many products!

Standard cylindrical fiber sensor heads The standard cylindrical fiber optic sensing heads provide reliable object detection, easy installation and long sensor lifetime for all general applications.
