

Equal-delay optical cable assembly

Equal-delay optical cable assembly

Using proprietary techniques, precision frequency and time domain measurements, our experienced staff will achieve consistent and reliable phase matched cable assembly performance.

and assembly configurations. Each Wirewerks pre-terminated multi-fiber cable assembly is precision built to your exact mechanical and optical specifications, and then fully tested, documented, labelled ...

Radiall is a global leader in the design, development and manufacturing of high quality optical cable assemblies and complex optical systems.

Amphenol offers a comprehensive line of single-mode and multi-mode cable assemblies in a variety of cable configurations. From simplex jumpers to multi-fiber custom assemblies, Amphenol can design ...

Designed to perform in the harshest installation and operating environments such as aerospace, defense and industrial applications, CarlisleIT's fiber optic assemblies offer unmatched performance ...

Equal Optics has got you covered for all your Direct Attach Copper cable (DAC), and Active Optical Cable (AOC) needs, whether you have an enterprise-level networking environment or operate a ...

We design and manufacture fiber optic connectors, fiber optic cable assemblies, and custom fiber optic products for use in harsh environments.

Corning offers the most complete line of connectors and factory-terminated cables, from single-fiber patch cords to high-fiber-count assemblies.

High-speed cable assemblies with micro coax and twinax cable, for differential and single-ended applications. Assemblies include future-proof, high-density array, integral ground plane, ...

FASTConnect field installable connectors include LC, ST, SC and are compatible with 250 μm and 900 μm fiber optic cable, solutions designed for quick, tool-less termination. Ideal for enterprise, FTTx, ...
