

Fiber Optic Splicing and Distribution Unit

Fiber Optic Splicing and Distribution Unit

Fiber Optic Wall Mount Splice/Termination Enclosures A compact, durable fiber enclosure designed for secure, wall-mounted splicing and termination. It supports adapter plates and splice trays, offering ...

The **FDB-48 Series 48-port Fiber Distribution Box** is suitable for FTTH projects and can be used in corridors, basements, rooms, and on building exteriors. It has functions like mechanical splicing, ...

Fiber Distribution Units
What Is A Fiber Distribution Unit (Fdu)?
Types of FDU Fiber Options from Multilink
Benefits of Choosing Multilink
Work with Multilink For Trusted Solutions
 A fiber distribution unit is a type of hardware that enables optimized fiber cable management at termination points. An FDU can address multiple applications in the telecommunications industry. FDUs have a design optimized for interconnecting incoming fiber optic cables and pieces of equipment with a wide range of specifications. These tools can ac...
