

Fiber optic cable between Tunisia

Overview

Stretching over 8,000 km, Medusa is the largest submarine fiber-optic network in the Mediterranean. Tunisie Telecom has signed a strategic partnership agreement with Medusa Submarine Cable System. The agreement covers the supply and operation of a dedicated fiber-optic link between Bizerte and Marseille, with a capacity of 20 Tbps, based on the latest submarine cable technologies. The 8,700km Medusa cable will have 17 landing points across Algeria, Cyprus, Egypt, France, Greece, Italy, Libya, Morocco, Portugal, Spain, and Tunisia when launched in early 2026.
