

French DAC High-Speed Cable 200G

French DAC High-Speed Cable 200G

Cost-effective 200G QSFP56 DAC cables with low power and low latency. Ideal for short-distance Ethernet connections.

Designed for high-density, short-reach interconnects, these cables provide a cost-effective, low-power solution for flexible data center and high-speed networking deployments.

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

The 200G QSFP-DD DAC cable contains 16 high-speed copper pairs, each operating at data rates of up to 25Gb/s. Each QSFP-DD port comprises an EEPROM providing product information, which can be ...

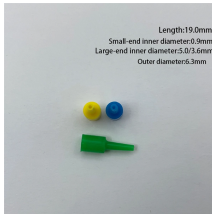

Siemon's 200G High Speed Cable Assemblies are offered in DACs (Direct Attach Copper Cables), ACCs (Active Copper Cables), AEC (Active Electrical Cables), and AOCs (Active Optical Cables).

It provides a QSFP56-to-QSFP56 copper direct-attach solution. 200G QSFP56 DAC cables are suitable for very short links and offer a cost-effective way to establish a 200-Gigabit link between QSFP-200G ...

These third-party manufactured cables are programmed and tested to work seamlessly as replacements for original vendor 200G QSFP56 DACs. Ideal for servers, switches, data centers, and high ...

3C-LINK's 200G QSFP56 DAC is suited for interconnecting high-speed 200G networking applications such as servers, switches, data centers, high-performance computing networks, enterprise core, and ...

Siemon's 200G (50G per lane) PAM4 Ethernet or InfiniBand™ QSFP56 passive and active copper cable DAC1 assemblies are designed to exceed industry standard performance offering a cost ...

Discover JTOPTICS 200G DAC Cables for seamless, high-speed data transmission in scalable network environments.
