

Gulf Region DAC High-Speed Cable QSFP28

Gulf Region DAC High-Speed Cable QSFP28

The 100G QSFP28 Direct Attach Copper (DAC) cable family delivers a fast, affordable, and efficient solution for short-distance interconnects in today's data centers and enterprise networks.

Collection of High Speed 100G data rate DAC and AOC connectivity cables with QSFP28 format

A gulf is an important or significant difference between two people, things, or groups.

Gulf, any large coastal indentation. More specifically, such a feature is the reentrant of an ocean, regardless of size, depth, configuration, and geologic structure.

The QSFP28 (Four-channel Hot Swap) passive high-speed cable module provides four data transmission channels with a maximum transmission rate of 28 Gbit/s and meets the requirements of ...

A gulf is a significant and expansive indentation of a sea or ocean, extending into the landmass. These natural formations are prominent features of coastlines worldwide, acting as ...

The meaning of GULF is a part of an ocean or sea extending into the land. How to use gulf in a sentence.

Passive copper DAC cable assemblies feature foldable, flexible twinax cable that can be folded back on itself for environments where space is limited. The assemblies help maximize airflow for effective ...

The 100G QSFP28 Passive Direct Attach Copper Twinax Cable offers a cost-effective solution for establishing a 100-Gigabit link between switches'' QSFP-100G ports within racks and across adjacent ...

GULF definition: 1. a very large area of sea surrounded on three sides by a coast: 2. the Persian Gulf and the.... Learn more.

Designed for direct connections between switches, servers, and storage devices, this plug-and-play copper cable eliminates the need for optical transceivers, making it a power-efficient ...

These are the fastest cables available for QSFP28 format, reaching up to 28G per channel (112G aggregate). Both passive copper DAC and fiber active AOC cables are available. Such cables are ...

The cable assembly's 38 position printed circuit card has been designed to accommodate not only the industry (SFF) defined, but also the higher-bandwidth signal integrity requirements associated with ...

Our QSFP28 Cables are the first to integrate Amphenol Spectra-Strip's EXF SKEWCLEAR wire, offering a flat frequency response beyond 20 GHz. Our QSFP28 connectors add an extended EMI cage and ...

Supports current 10 Gbps Ethernet, 14 Gbps (FDR) InfiniBand and 16 Gbps Fibre Channel applications.

The Gulf nations countries are a group of six-member countries, comprise Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, and the United Arab Emirates.

A gulf in geography is a large bay that is an arm of an ocean or sea. Not all geological features which could be considered a gulf have "Gulf" in the name, for example the Bay of Bengal or Arabian Sea.

Designed for direct connections between switches, servers, and ...
