

High-density cable tray NEMA4X in stock

High-density cable tray NEMA4X in stock

Designed to support high-density cabling and ensure long-term reliability, cable trays help reduce clutter, prevent overheating, and streamline maintenance—all while improving airflow and safety.

Provides optimal support for high-performance data cable, up to and including fiber optic, Cat 5e, Cat 6, Cat 6A, and Cat 7. UL Classified as an equipment ground conductor, no field removal of paint required.

Our mesh cable tray can be mounted on the wall, on the ceiling, or underneath raised flooring. This cable tray is constructed of durable, weather, and chemical resistant steel, and delivers high ...

Straight-section wire mesh trays route and support cable in a straight line, or they may be cut or bent for complex runs. They're lined with wire mesh to promote air circulation, which prevents overheating.

Marlin Steel's wire mesh cable trays are designed to accommodate high-density fiber routing, power distribution cabling, overhead and underfloor installations, and phased expansion without system ...

This technology increases support by 400% while reducing cable strain up to 65%, protecting high-performance and fiber optic cable for the life of the installation.

Raceway, Cable Tray, Duct, & Trough Wireway, Trough & Gutter Nema Type 4x Wireway & Fittings

We carry complete cable tray and raceway solutions from metal, plastic, and coated metal raceway. Cable Tray- Raceway & raceway systems, plastic raceway systems and Vutec metal raceway ...

Choose from our selection of cable trays, including over 850 products in a wide range of styles and sizes. Same and Next Day Delivery.

Snake Tray is committed to designing and manufacturing products that have many green benefits. Our products are made of recycled goods, minimize material waste, are energy efficient, use less non ...
