Defining Your Needs
Planning Out Your Installation
How to Install The Equipment and Where
Testing Your Ethernet Cable
WiFi Considerations
Finishing Up
Sit down and draw up a list of what devices you have and if they connect to your WiFi currently. Separate out those items that have the ability to accept Ethernet (RJ45 plugs) and how many are in each room. What are you doing with these devices? Are you simply surfing the Internet and watching entertainment? Do you also need to move large files b...
