

# Huijue Invisible Optical Cable Models and Specifications

## Overview

The product range includes two main types: self-adhesive bow-type drop cables (e., GJI-1B6a2-SA, some with 100m length specification) for easy concealed mounting, and tight buffer cables (0.85mm diameter) with buffer materials including nylon, TPU, or PVC (some adding). Deeply adapted to FTTH full-link equipment, the butterfly-shaped/circular structure is suitable for concealed wiring, without the need for additional modifications, significantly reducing the difficulty of fiber-optic home installation. Exclusive easy-peel design, allowing for easy removal. Fiber Optic Equipment - Shanghai Huijue Network Communication Equipment Co. Capacity: 576 Cores China Fiber Optic Equipment catalog. Outdoor Optical Drop Cables are specialized outdoor fiber cables designed for FTTH and outdoor fiber access – primarily connecting Base Band Units (BBU) to Radio Remote Units (RRU/AAU). Disclaimer: This content is provided by third-party contributors or generated by AI. By selecting high quality optical fibre, using special equipment, with precision moulds, the product has excellent performance. ©Stable high and low temperature characteristics. As the name suggests, Invisible Fiber Cable is designed to be almost imperceptible, allowing for a clean, uncluttered appearance while

delivering the same high-performance internet connectivity as traditional fiber optic cables.

## Huijue Invisible Optical Cable Models and Specifications

China Fiber Optic Equipment catalog of LSZH LC/UPC Fiber Optic Easy Strip Ferrule Patch Cords, Waterproof SC/UPC 8 Cores Fiber Optical Patch Cord provided by China manufacturer - Shanghai ...

Deeply adapted to FTTH full-link equipment, the butterfly-shaped/circular structure is suitable for concealed wiring, without the need for additional modifications, significantly reducing the difficulty of ...

YD/T 1258-2005 Indoor fiber optical cable. Technical Parameters (Typical Value): Note 1.The relevant technical parameters can be adjusted according to the customer's demands; 2.PVC, PA and other ...

GJH INVISIBLE OPTIC FIBER CABLE GJH INVISIBLE OPTIC FIBER CABLE is made by extruding a layer of nylon 12 (PA12) or thermoplastic polyurethane elastomer (TPU) material, which is highly ...

Outdoor Optical Drop Cables are specialized outdoor fiber cables designed for FTTH and outdoor fiber access – primarily connecting Base Band Units (BBU) to Radio Remote Units (RRU/AAU).

< > Nylon sheath material invisible optical cable  
PDF Description Make an inquiry Usage  
Environment Models Curvature Radius Diameter  
Optical fiber Color Indoor GJH-1B6a2 7.5mm  
0.9mm 657A2 ...

What is GJH Invisible Optic Fiber? It is a transparent, low-visibility fiber optic cable designed for indoor use, offering high-speed data transmission while blending seamlessly with surroundings.

The products that can be produced include: FTTH optical cable, air-blown optical cable, ADSS optical cable, mining optical cable, optoelectronic hybrid cable, optical fiber jumper and other communication ...

In terms of performance, Invisible Fiber Cable offers comparable speed, latency, and reliability to traditional fiber optic cables. Users can expect the same high-speed internet and low-latency ...
