

Huijue SDH Optical Module

Huijue SDH Optical Module

OptiX OSN 1500 intelligent optical transmission system inherits all the features of the MSTP technology, maintaining compatibility with traditional SDH, MSTP network, financial SDH, PDH, Ethernet, WDM, ...

To meet the growing demands of Metropolitan Area Networks (MANs), Huawei has developed the OptiX OSN 3500—next-generation intelligent optical transmission system.

High Integration Flexible Networking
Capacity Carrier-Class Protection Enterprise-Focused Features
Subrack dimensions 722mm (H) x 497mm (W) x 295mm (D), 15 slots for processing boards and 16 slots for interface boards

10Gbps SFP+ SDH Optical Module 10Gbps-SFP+-SMF-1310nm-10km-commercial (34060613)
10Gbps-SFP+-SMF-1550nm-40km-commercial (34060711-002)

Founded in 2014, Shenzhen Ablerteck Technology Co., Ltd. is a high-tech enterprise specializing in providing communication products and solutions. The product range includes switching, routing, ...

To determine whether optical modules delivered for Huawei switches before July 1, 2013 are certified ones, contact Huawei technical support. If your optical modules are delivered after July 1, 2013, use ...

Learn what SONET SDH SFP modules are, how they work, key standard, common types, and where they are used in telecom and legacy optical networks.

OSN 580 is a new-generation optical transmission system developed by Huawei. It adopts a unified switching architecture and can function as an MPLS/MPLS-TP-based packet device or a TDM device.

The OC48-SFP-SX Transceiver is a high-performance, cost-effective optical module designed for short-range communication applications. It features a Duplex LC optics interface and supports standard ...

The Huijue Group's Optical-storage-charging application scenario is a typical application of microgrid energy storage. The core consists of three parts - photovoltaic power generation, energy storage ...

Huijue has a senior technical team and an efficient supply chain system, and its production capacity and contract performance capabilities are fully guaranteed.
