## IDC Power Supply Unit

## IDC Power Supply Unit

The IDEC PS5R-V Compact Series of DIN-rail mount switching power supplies designed for industrial control panels and automation systems. These units emphasize a slim, space-saving form factor ...

DC POWER SUPPLY Switching type DSP-WR 5kW ~ 150 kW 3U Programmable DC power supply (CV,CC,CP) DSP-WS 10kW ~ 150 kW 3U Solar Array Simulator (CV,CC,CP)

We provide prefabricated, modular deployment 10kV to 240V/336V uninterruptible DC power supply for ultra-large, large data center. Our HVDC system is mainly used in centralized data centers, while ...

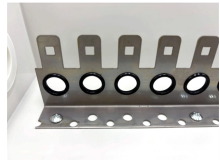

The PDU is sturdy and made with high-quality components that ensure the safety and reliability of the power supply. It is suitable for a variety of applications, from industrial to commercial, and can be ...

Adapt PM Smart IDC Power System is a new generation uninterruptible power supply and integrated smart distribution anagement system developed by Emerson with its more than 40 years of ...

Buy Power Supply Accessories. Newark Electronics offers fast quotes, same day dispatch, fast delivery, wide inventory, datasheets & technical support.

Manufacturer: Phoenix Contact Model/Part#: PP-RJ-DC Condition: Used Voltage Max: 57 VDC Power Max: 80 Watts Notes: Power Supply is in good condition. NIS-21836 DF318

High-voltage DC power supply for IDC, also known as HVDC, is a new type of DC uninterruptible power supply system. Our HVDC Power System is mainly used in centralized power supply data center, ...

DSP-HR-2U Up to 52 models, 6V ~ 600V / 1A ~ 400A, are available for selection. Switching mode, high density, and convenience for installation to 19" rack, Max. output current up to 2000A (5 units in ...
