

Jordanian optical cable suspension clamp

190X95X25mm

Jordanian optical cable suspension clamp

ZION Communication focuses on optical fiber cable hardware products, offering FTTH and ADSS series solutions—including stainless steel, nylon, and composite flat cable drop clamps, tension clamps, ...

The clamp can be secured with a 14mm or 16mm bolt on drilled wood poles. *In addition to ADSS optical fiber cables, this type of suspension fixture can also be used to suspend a variety of cables.

J-hook Suspension Clamp is designed to provide a suspension for aerial ADSS round optical fiber cable during construction of transmission line. The clamp consists of plastic insert, which clamp the optical ...

The installation of this overhead ADSS clamp is very simple and requires no additional tools due to its convenient design. It can be mounted on a wooden or concrete pole by means of stainless steel ...

With a J hook structure and internal plastic insert, it holds the cable securely without damage and supports flexible installation on poles, hooks, and brackets.

Choose our fiber suspension clamps to ensure the safe, stable and reliable operation of your overhead optical cable. From telecom to data centers, OMC ensures performance, precision, and timely ...

buy FTTH fittings, hardware for aerial ADSS, drop cables. dead end anchoring clamps, J hooks, suspension clamps for long-time fiber cable management.

- Two sizes to cover the full range of ADSS cables from 5 to 15mm..
- The shape of the J Hook allows a running out of the cable directly in the hook.
- The suspension clamps can be directly secured to the ...

According to the model and parameter requirements of ADSS optical cables, we can provide suspension clamps with different pitches, tensions, and outer diameters, ...

ADSS suspension clamp is a heavy duty, versatile, and reliable solution for securely suspending ADSS (All Dielectric Self-Support) aerial fiber optic cable. The versatility of the clamp allows the installer to ...
