

Low-loss fiber optic trays shipped globally

Overview

These AFL splitter trays feature 1x4, 1x8, 1x16 or 1x32 planar technology with optical characteristics that include low insertion loss, high uniformity and excellent environmental stability. Optical fiber splitters are essential components in modern telecommunications and data transmission networks, enabling the efficient distribution of optical signals across multiple endpoints. The pre-installed splice chip for fusion, mechanical or ribbon splicing offers even more options. 75" and. Certified production lines and skilled engineers guarantee every fiber optic product meets top international standards. We provide high-performance connectivity solutions that power digital transformation across industries worldwide. 7% on-time delivery track. Tray type optical fiber splitter low insertion loss 1x8 SC UPC optic plc fiber optic splitter Optical splitter cassette type Optical splitter rack mount type Optical splitter LGX box type Optical splitter mini type Product Parameters: Company Profile Certifications Packaging&Shipping FAQ American Tech Supply has one of the largest selections of Fiber Raceway and Fiber Optic cabletray in the USA. Most Items can ship same day!Due to the overwhelming amount of possible combinations for raceways and part numbers for cable tray from

Cablofil, Legrand, Wiremold, Snake Tray and more-.

Low-loss fiber optic trays shipped globally

Find optical fiber splitter loss with low insertion rates for FTTH and telecom use. Shop our range of PLC splitters for efficient signal distribution.

Tray Type Optical Fiber Splitter Low Insertion Loss
1X8 Sc Upc Optic PLC Fiber Optic Splitter
US\$7.80-13.80 2 Pieces (MOQ) Port: Shenzhen, China

An Extensive Library of Self-Developed Products

One-Stop Fiber Optic Materials Supplier for Fiber Internet Providers, Telecom Operators, and Fiber Network Contractors. Custom and Wholesale Fiber Optic Solutions.

Century Fiber Optics offer 3 splice tray sizes for every application. The pre-installed splice chip for fusion, mechanical or ribbon splicing offers even more options.

TTI Fiber manufactures fiber optic cables, patch cords, splitters, and connectivity solutions. ISO 9001 certified. 15 years expertise. Global shipping.
