

Mali Bridge Rolling Mill

Overview

The mill was completely destroyed in the flood of 1864 and was rebuilt by the Wilson family. Around 1915 it was converted to a corn mill by the Marsden family and operated until 1956. Since then it has been a Comet store, Chinese restaurant and a clothing store before becoming disused. RegionCountryOS grid referenceMetropolitan boroughOverviewMalin Bridge is a suburb of the city of, England. It is located at grid reference and stands 2+1/2 miles north-west of the city centre where the rivers and meet. Malin Bridge is only a s. The origin of the name Malin Bridge is obscure and several possible meanings have been put forward. The most probable is that the name derived from Malin Stacie, who was Lord of the Manor of (which lies. Present-day Malin Bridge is centred on a busy road junction which consists of a loop with various roads leading off. The A6101 (Rivelin Valley Road) leads off to the south-west and after three miles connects t.
