

# Matte-finish signal amplifier

## Matte-finish signal amplifier

The MA series offers top-notch electronics in a beautifully designed casing made from a simple pressure-cast aluminum, anodized in a matte bronze finish. The aluminum housings act as heat ...

Signal amplifiers are electronic devices that receive and amplify signals for processing or digitization. They produce only a small amount of internal noise while increasing signal strength by a significant ...

The LM358 is a dual operational amplifier offering low power consumption, high gain, and wide voltage range for various applications.

Shop Stinger complete wiring kits for car audio systems up to 1500 Watts or 150 Amps. Features include 4000 Series, 4-channel audiophile-grade interconnects.

From an unconventionally low 50 ohms to stunningly high 10 mega ohms to match your preamp with any mic accurately to ruthlessly boost the signal independent from load impedance or cable length.

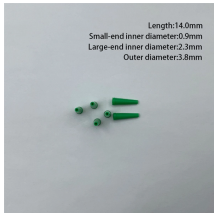

Online shopping for Industrial & Scientific from a great selection of Video, Audio, Instrumentation, Comparator, Current Sense, Differential & more at everyday low prices.

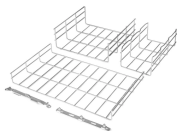

Up to 1% cash back. This SK6201 power amp kit includes 17 ...

PRODUCT OVERVIEW and amplifier offering high dynamic range. It has repeatable performance from lot to lot and is enclosed in a SOT-89 package. It uses patented Transient Protected Darlington ...

With the patented Hegel SoundEngine2 amplifier technology, a highly advanced preamplifier and delicately designed D/A-converter, the Röst sounds fluidly natural and dynamic.

The CHA3396-QDG is a 3 stage monolithic Medium Power Amplifier, which produces 22dB gain for 19dBm output power. It is designed for a wide range of applications, from military to commercial ...

This SK6201 power amp kit includes 17-feet of 1/0 AWG matte blue power cable, 3-feet of 1/0 AWG silver ground cable, 17-feet of 18 AWG blue remote turn-on wire, ANL Fuse holder, 300 ...
