

# Mongolian 450nm laser diode module

## Mongolian 450nm laser diode module

Proprietary design, packaging, and fiber coupling processes produce laser diodes with very high stability and low noise. Each laser diode is subject to extensive testing and burn-in before shipment to ensure ...

The Lasermate Group, Inc. DLXS450 series shuttered laser modules are ideal for applications that require a wavelength of 450nm and output power levels up to 30mW.

7W NUBM44-V2 450nm Laser Diode In Copper Module W/Leads & Glass Lens Brand New \$65.00 Buy It Now

The blue laser modules is well designed. It's used widely in many applications: laser show, display, laser alignment, scanning biochemistry, material inspection.

Browse 450nm blue laser options including line modules, crosshair lasers, and engraver heads. Perfect for wood and fabric cutting.

This is a multimode fiber coupled high power blue diode with more than 600 mW output power. 450 nm laser diode module is an excellent choice for flow cytometry, fluorescence and biomedical applications.

Standard singlemode or multimode laser diodes are offered as stock items or associated with a CW or pulsed open-frame or turn-key laser diode driver.

The CVB 450-to56R laser diode module is a 450 nm GaN laser diode packaged in a 3 pin coaxial format. The laser diode is optically coupled to a 200/230/500um fiber pigtail. The device includes an ...

Turn-key integrated laser diode module for 7W to 20W multimode 450nm laser diodes. All AeroDIODE products are controlled using any windows laptop. This option adds an additional touch screen to ...

Laser Module 450nm - Laser Diode from Achray Photonics. Get product specifications, Download the Datasheet, Request a Quote and get pricing for Laser Module 450nm on GoPhotonics.
