

Moxa multimode optical module

Moxa multimode optical module

Gigabit Ethernet SFP transceiver module - MOXA (SFP-1G series) - with 1 x Multi-mode LC fiber optic (FO) connector 1000BaseSFPLSX - 500m transmission - Rated for 0...+60°C ambient temp. - ...

Moxa's small form-factor pluggable transceiver (SFP) Ethernet fiber modules for Gigabit Ethernet provide coverage across a wide range of communication distances.

Discover our diverse selection of multimode transceiver modules, which are specially tailored to the requirements of professional network and data centre infrastructures. Our modules ensure stable, ...

SFP transceivers provide reaches over 100km and are available in a variety of bases ranging speeds from 10, 25, 100, 1000, and more. Guaranteed compatibility with over 90 OEMs including Juniper®, ...

Buy Moxa® compatible optical transceiver modules. All Moxa® compatible transceivers are certified for functionality, reliability and performance under rigorous testing parameters.

Our compatible module version is designed for operation over a ...

Our compatible module version is designed for operation over a Double Fiber Multi-Mode Fiber (MMF) optical cable. It has a minimum guaranteed optical budget of 7.5 dB, which typically is enough to ...

This Moxa® SFP-1GLSXLC compatible SFP transceiver provides 1000Base-LX throughput up to 2km over multi-mode fiber (MMF) using a wavelength of 1310nm via an LC connector.

Buy Genuine Moxa SFP Modules from GenuineModules with best prices and fast worldwide shipping.

Featuring a built-in Semtec chip and reliable VCSEL laser, the SFP module delivers low power consumption and stable optical links for 1G multimode networks like gigabit Ethernet & fibre channel.

Moxa's small form-factor pluggable transceiver (SFP) Ethernet fiber modules for 2.5 Gigabit Ethernet provide coverage across a wide range of communication distances.
