

Multimode pigtail SL head

Multimode pigtail SL head

Leviton fiber optic pigtail kits are a good solution for mechanical or fusion splicing applications. Available in a range of multimode and single-mode fibers with SC, ST or LC connectors. Our premium pigtails ...

Siemon offers a comprehensive line of multimode fiber jumpers and pigtails for connecting fiber links. Assemblies are available in standard lengths of 1, 2, 3, and 5 metres, (custom lengths are also ...

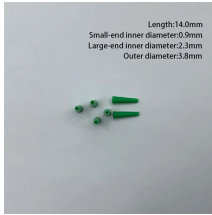

FS offers single mode & multimode fiber pigtails with tight buffer design for easy fusion or mechanical splicing. Quality assurance by 100% end-face, IL & RL testing.

High quality pre-terminated 900µm optical fiber pigtails with LC, SC, ST connectors for fiber splicing applications. Choose from single mode, multimode and 10G OM3/OM4 fibers.

Iveonet [™] offers a wide range of multimode pigtails, designed and manufactured for demanding network applications, comprising of multimode OM1, OM2, OM3 and OM4 (62.5/125, 50/125).

We carry Fiber Optic fusion splicers, cleavers, OTDRs, cables, panels, laser sources, power meters, and many other Fiber Optic products for any project.

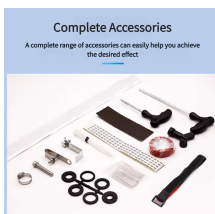

Schnell multimode fiber pigtails provide reliable, low-loss terminations for short to medium-range data transmission. Available in LC/PC and SC/PC types with OM1, OM2, OM3, and OM4 fiber types.

Designed for high-speed multimode applications, our OM3 fiber optic pigtail kits support 50/125-micron fiber networks with enhanced bandwidth performance. These kits are available in 6-strand and 12 ...

The short, unbuffered construction of multimode pigtail jumpers makes them the perfect choice for short-distance connections that require more flexibility than the average fiber optic installation.

Our single-mode and multi-mode assemblies, available with various connector types, provide a reliable, low-loss solution for splicing and connecting fiber runs.
