

# Price of Optical Couplers from the 44th Research Institute

## Overview

Donated by NIH laboratories and staff, this collection features trade catalogs and similar literature on biomedical equipment, laboratory supplies, and clinical tools from the early 1900s to today. Items are listed below by manufacturer. CETC44 - The 44th Research Institute of China Electronics Technology Group Corporation (hereinafter referred to as the 44th Institute) is a professional research institute engaged in research on semiconductor optoelectronic devices and their application technologies. It has eight production lines. 1994 Proceedings. 44th Electronic Components and Technology Conference Water soluble fluxes and pastes contain a high percentage of free acids that increase the activation level and subsequently enhance solderability, but do not contain resins. Optocouplers (also called Photocouplers, Optoisolators, and Optical Isolators) are available at Mouser Electronics from industry leading manufacturers. 4 mm (F), 15 Watts, Coaxial Directional Coupler 10 dB Coupling, 26.

## Price of Optical Couplers from the 44th Research Institute

Thorlabs offers a full selection of fiber optic couplers for other center wavelengths or with FC/PC connectors; please see our Fiber Optic Couplers guide for details.

20 dB Coupling, 18 to 40 GHz, 2.92 mm (F), 20 Watts, Coaxial Directional Coupler

Mouser offers inventory, pricing, & datasheets for Optocouplers / Photocouplers.

1x2 and 2x2 Singlemode Fiber Couplers | Fiber Optic Couplers

PLC couplers, fabricated through photolithography and etching, are ideal for high fiber counts, offering compact size, broad bandwidth ( $\pm 200$  nm), and low cost, though with higher coupling loss and lower ...

We provide 850nm single mode fiber coupler (made using Corning HI780 fiber). The...

Items are listed below by manufacturer. You can also search for a specific item using the search box in the upper right corner of this page. To request copies of a particular item or submit a research ...

In this report, a number of novel, compact planar optical device (CPOD) concepts are described. The application of these novel structures for the fabrication of planar devices, such as 1/spl times/N ...

Get contact details & address of companies manufacturing and supplying Fiber Optic Coupler, Optical Coupler, Fiber Optical Coupler across India.

CETC44 - The 44th Research Institute of China Electronics Technology Group Corporation (hereinafter referred to as the 44th Institute) is a professional research institute engaged in research on ...
