Yes! I am Interested Yes! I am Interested. Power Up Your Distribution System with SMC/FRP Boxes! Durable, reliable, and built to last, our distribution boxes ensure safety and efficiency for your electrical systems. Leakage of current associated with poor earthing is a common feature for a variety of reasons and metallic enclosures conduct electricity resulting in electrocution. A SMC electrical distribution box is a robust enclosure made from Sheet Molding Compound (SMC), a composite material formed by compressing a mixture of unsaturated polyester resin, glass fiber, mineral fillers, and other additives under high heat and pressure.
