

Professional after-sales service for distribution boxes

Overview

We are backed by on-call technicians and stocked parts for minimum downtime. View your new system from the pick face, conveyor turn, or work zone to visualize and approve its flow and function upfront. From forklifts to ASRS and lift tables, we spec, sell, and service the gear that drives. Our distribution boxes are designed to thrive in Saudi's harsh climate—resistant to dust, humidity, and extreme temperatures—while meeting the strictest local and international standards. Here's what sets them apart: No two projects are the same. A luxury villa in Jeddah has different electrical. From residential and industrial to photovoltaic applications, see how SKKBO designs electrical products that are trusted worldwide. Compact and safe to prevent overloads and short circuits that lead to a fire hazard Deal with high voltage and electrical loads from large and heavy-duty machinery. In today's competitive construction equipment market, reliability, timely delivery, and after-sales support are key decision factors for global buyers. RIPPA, a trusted excavator manufacturer from China, addresses these needs with a full-spectrum solution — combining quality production. Optimize warehouse performance with top-quality equipment, batteries & chargers. Maximize efficiency & space

utilization with our expert configurations. Optimized box body composite panels. The after-sales service for spare.
