

Russian optical cable price

Overview

Against the backdrop of rising demand, the cost of the product has risen significantly: at the beginning of 2025, fiber optic cable for communication networks cost about 16 yuan per kilometer, and by January 2026 - about 40 yuan per kilometer. In 2025, Russia sharply increased its purchase of fiber optic cable from China, leading to price increases for domestic consumers in the range of 2. This was reported by Militarnyi on February 26. We bring you stories from the ground. The Russian newspaper Vedomosti reports this, citing telecom market participants and cable manufacturers, including Evrokabel-1, Incab, and backbone operator TransTeleCom.
