

Suriname Bridge Bend Fabrication

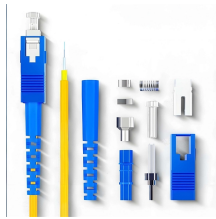

Overview

We manufacture and stock standard and custom built Fittings, Flanges, Valves and Fasteners over wide range of materials, sizes, across many international standards and specifications. We supply these products to various trading houses, EPC and end users in Suriname. It all started in mid-2017 in the months of May / June when we, JP Steel Erectors, actually got a project from Suriname's famous steel fabricator, VSH Steel, because they were eagerly looking for a steel erector. The project was completed within the planned working days and from there on we have. The Kuldipsingh Group's investment in an OT mould (inverted "T") with prestressing bed will take bridge construction in Suriname to a new level. The prestressing bed can. Silicon Valley is one of the prominent structural engineering companies in Suriname that specializes in creating remarkable 2D drafts and 3D models for challenging infrastructure work such as stadiums, ports, high-rise buildings, pedestrian bridges, shopping malls, restaurants, theme parks, office. CAD Outsourcing Services offers concrete solutions to structural matters. We work closely with clients and maintain proper communication at every phase of construction.
