

## Three-year warranty CFP8200G

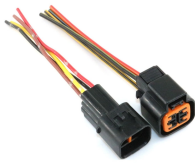

### Overview

Eaton warrants this product, if used in accordance with all applicable instructions, to be free from original defects in material and workmanship for one (1) year from the date of initial purchase. The Westinghouse iGen8200TFC portable inverter generator with CO sensor produces up to 8,200 peak watts and 6,600 running watts with less than 3% THD, making it a perfect solution for home backup, even when using sensitive electronics. The length of Eaton's product warranty varies depending upon the country where the product was purchased and the type of product you purchased. For information on a specific product and its limited warranty, search for the. A Warranty Calculator is a helpful tool that lets you determine whether your product is still under warranty. By entering the purchase date and warranty duration, you can instantly find out if the warranty is still active, how many days are left, or how long it's been expired. You can enter up to 100 serial numbers.
